

# Searching, Viewing, and Editing Contacts - iOS

Last Modified on 12/08/2023 5:40 pm EST

Read on to learn view, search, and edit contacts in your Contacts list in the MultiLine for Intune iOS app.

## Overview

- Once you set up your Contacts list, any contacts will appear on the Contacts screen. You can:
  - Tap a contact to see options for calling and messaging them.
  - View, add, and update contacts.

## Before you start

- To view, edit, delete, or message contacts, you must add at least one contact.

## View, search and edit contacts

1. The **Contacts** screen displays all contacts in alphabetical order by default. *Note: The next set of instructions will teach you how to change this setting if you like.*
2. Start entering the any contact detail into the **Search** bar to narrow the list to a specific contact. *Note: The Search bar will not display until you begin scrolling.*

## 2 Contacts Found

 **Michelle**  
michelle.dantas@movius.ai **Michelle ML**

## 2 On Exchange directory

 **Michael Speanburg**  
Software Architect Sr  
Michael.Speanburg@Movius.ai **Michelle Dantas**  
Product Manager Sr  
Michelle.Dantas@Movius.ai

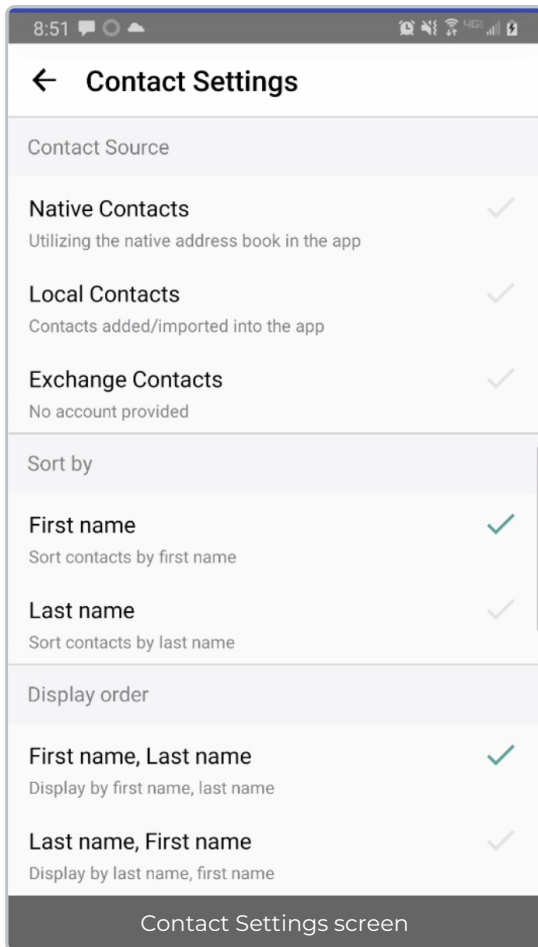

3. Selecting any contact will bring you to that contact's information page, where you can call, message, favorite, or block the contact.

4. Clicking on the **Edit** button [Edit](#) in the top right-hand corner allows you to choose to delete or edit, the selected contact.

## Change the Contacts list display and order

1. Select **Settings**.
2. Select **Contact Settings**.
  - Sort by first or last name
  - Display first name or last name first

3. When complete, exit the menu and your Contacts list will be in the chosen **Sort by** and **Display order** settings selected.
