

Does MultiLine access my personal WeChat?

Last Modified on 12/09/2022 7:21 pm EST

No, MultiLine doesn't access your personal WeChat at all. When you use MultiLine as your official business app to securely call and message external clients, you'll be using your separate business number which is connected to your company's official WeChat account. This keeps your work messaging completely separate from your personal number and personal WeChat account.
