

Set Do Not Disturb - MultiLine for Intune

Last Modified on 12/07/2023 6:56 pm EST

When Do Not Disturb is enabled all calls will be sent directly to your MultiLine voicemail.

iOS

Read on to learn about setting Do Not Disturb in MultiLine for Intune iOS mobile app.

Overview

You can use **My Schedule** in the MultiLine Settings menu to set weekly Business Hours or turn on Do Not Disturb. For the hours outside your Business Hours, MultiLine will turn on Do Not Disturb.

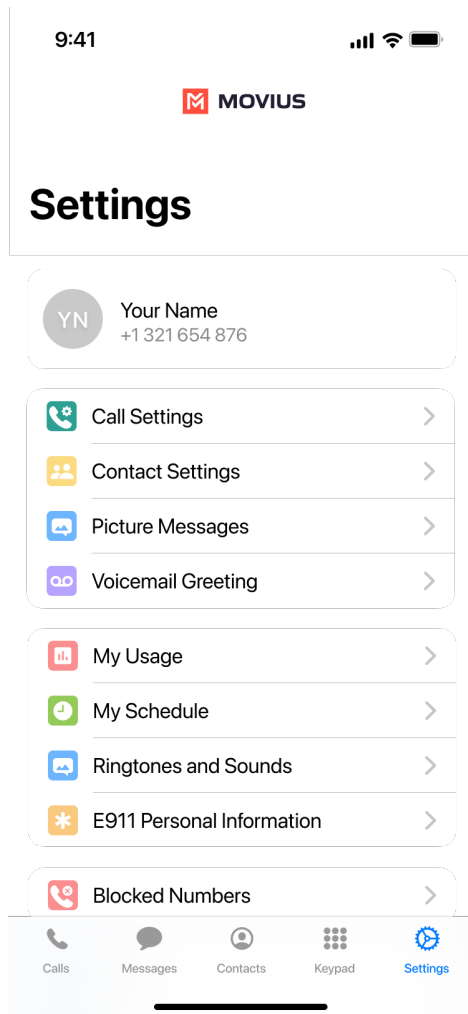

Before you start

- You need to be connected to the Internet to change your schedule.
- If you are using the **Call Handling** feature to set a list of numbers to simultaneously or sequentially dial, the **Do Not Disturb** or **My Schedule** settings apply first and the calls will go to your voicemail and not ring the numbers on your **Call Handling** lists.
- When **Do Not Disturb** is enabled, all the calls will be sent directly to your MultiLine voicemail.

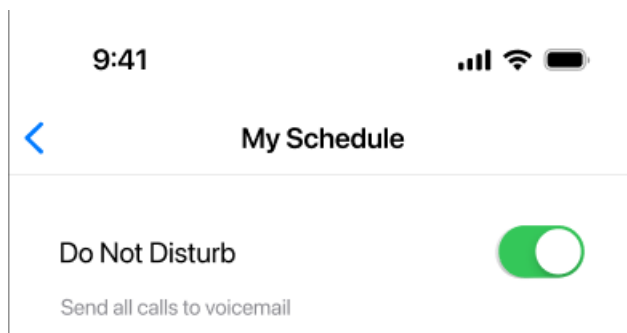

Set Do Not Disturb

You can set Do Not Disturb setting in My Schedule.

1. Go to Settings then **My Schedule**.

2. Select the toggle for **Do Not Disturb**.

If you are using the **Call Handling** feature to set a list of numbers to simultaneously or sequentially dial, the **Do Not Disturb** or **Business Hours** settings apply first and the calls will go to your voicemail and not ring the numbers on your **Call Handling** lists.

Overview

You can use Call Handling in the MultiLine Settings menu to set Do Not Disturb.

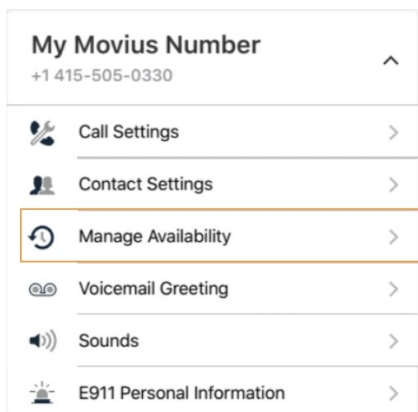

Before you start

- You need to be connected to the Internet to set Do Not Disturb.
- If you are using the **Call Handling** feature to set a list of numbers to simultaneously or sequentially dial, the **Do Not Disturb** or **My Schedule** settings apply first and the calls will go to your voicemail and not ring the numbers on your **Call Handling** lists.
- When **Do Not Disturb** is enabled, all the calls will be sent directly to your MultiLine voicemail.

Set Do Not Disturb

When **Do Not Disturb** is enabled, all the calls will be sent directly to your MultiLine voicemail.

1. Go to **Settings** and select **Manage Availability**.

2. Select **Do Not Disturb** to enable it. A checkmark will appear and the message will show that MultiLine will send all calls to voicemail. Tap again to disable it. The checkmark will disappear and the message will show that MultiLine will ring your phone.

← Manage Availability

If you are using the **Call Handling** feature to set a list of numbers to simultaneously or sequentially dial, the **Do Not Disturb** or **Business Hours** settings apply first and the calls will go to your voicemail and not ring the numbers on your **Call Handling** lists.
