MultiLine Desktop | Version 2.2.0 | Release Notes

This is the planned content and schedule for MultiLine for Desktop Version 2.2.0.

Deployment Date: July 7, 2024

What's New?

Leave 1:1 Social Messaging Conversations

Social Messaging platforms limit the number of business users who can message with consumers. This feature allows a MultiLine user to leave a conversation after they've completed their interaction, so that other MultiLine users will be able to initiate conversations. Supported for WhatsApp, WeChat, and LINE.
