

Tablet Support - Android

Last Modified on 06/03/2024 11:38 am EDT

Users may now use MultiLine Android apps on Tablets. The interface is now responsive on screens of 720x1280 in portrait mode.

- For tablets without SIM cards, Admins should provision users to use [Data Only Onboarding](https://help.moviuscorp.com/help/how-do-i-set-up-data-only-onboarding) [↗](https://help.moviuscorp.com/help/how-do-i-set-up-data-only-onboarding) <https://help.moviuscorp.com/help/how-do-i-set-up-data-only-onboarding> [↗](https://help.moviuscorp.com/help/how-do-i-set-up-data-only-onboarding) .
- At this time, users are only able to activate MultiLine for Intune on a phone or tablet device, not both.
