Leave a social messaging conversation - Teams

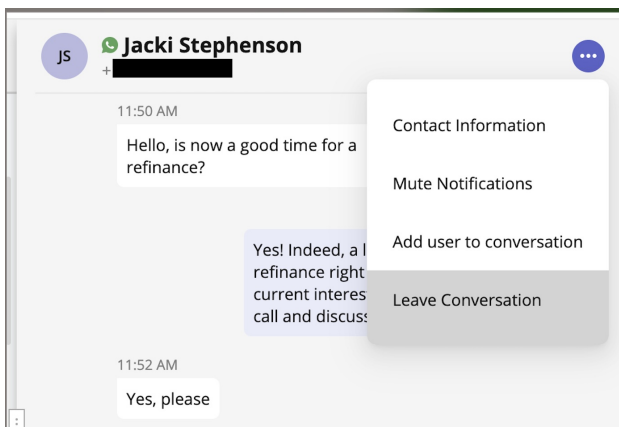

Read on to learn how to leave a social messaging conversation in the MultiLine Messaging for Teams application.

Overview

Sometimes you may want to leave a social messaging conversation, whether it is a 1:1 or group message. Leaving a social messaging conversation is required before you're able to delete messages in MultiLine applications.

How to Leave a Conversation

The **Leave Conversation** option is available in the ... menu.

At the prompt, confirm you want to delete the message.
