Making and receiving calls

MultiLine/MultiLine for Intune

Read on to learn about making calls in mobile applications.

Overview

There are multiple ways to place a call in MultiLine: from the **Keypad**, from the **Recents** tab, from **Click-to-Dial**, and from your **Contacts** list.

Before you start

- Your organization may enable or disable certain functions, including:
 - Calling, Data/Minutes mode, or WiFi calling
 - Call forwarding or Call handling
 - Call recording
- If you have questions about what functions are enabled, contact your IT group for assistance.

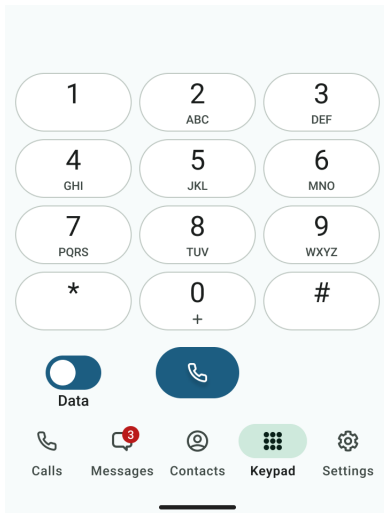

Make a Call from the Keypad

You can dial numbers with the MultiLine keypad.

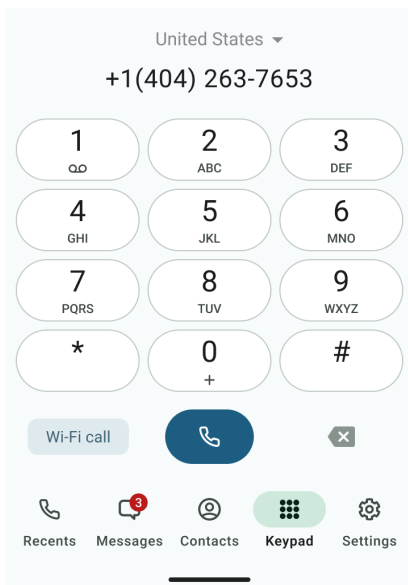

1. Select the **Keypad** icon in the bottom menu.

2. If you see the toggle to the left of the call icon, you can choose whether to [make the call over Data or Minutes](https://help.moviuscorp.com/help/understanding-your-call-settings) by tapping the toggle.

3. Begin dialing or typing the number *Note: tap the country code to change it*

4. Tap the **Results** area to view matches and select someone to dial from your Contacts.

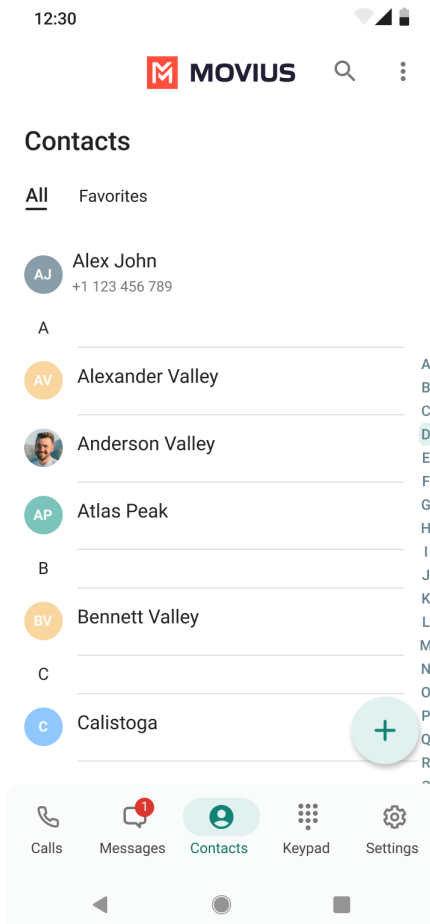

Make a call from Contacts

You can call contacts from your contact list.

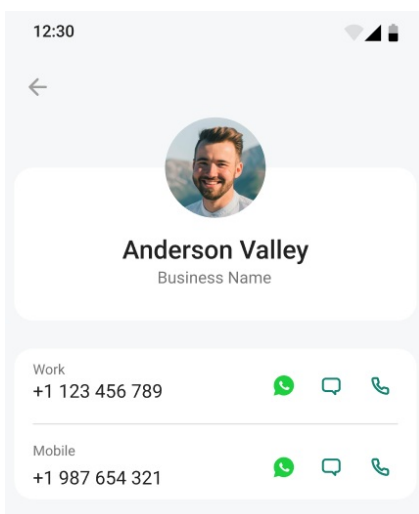

1. Select the **Contacts** icon from the bottom menu to bring up the Contacts list.

2. Tap a contact.

3. Tap the phone icon  to make the call.

Call someone back from Calls

You can call someone back who you've recently had a call or missed call with.

1. Go to your **Calls** icon from the bottom menu.

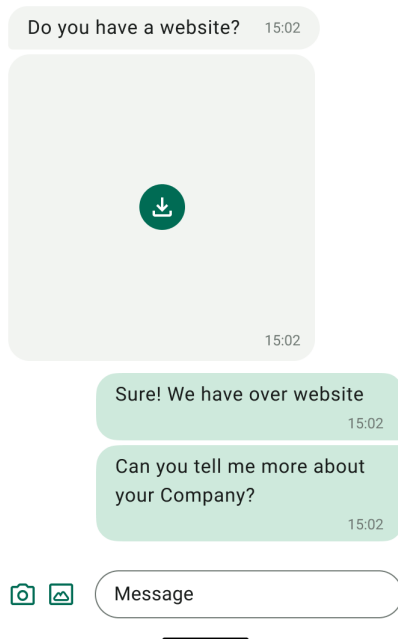

2. Tap twice to call.

Call someone back from Messages

You can call someone directly from a messages conversation or voicemail message.

From SMS or instant message

1. Select a message.
2. Select the **Call** icon in the upper right of the screen

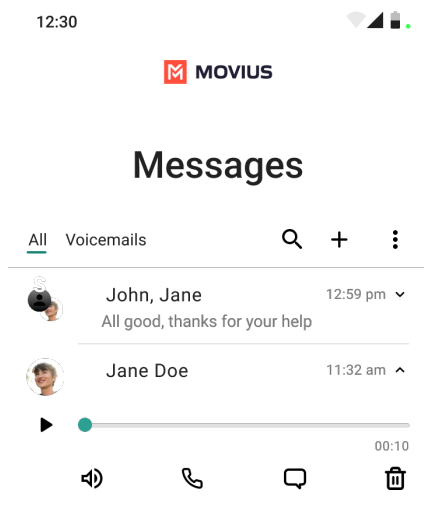

From voicemail message

1. Select a voicemail message.

2. Select the **Call**  icon.

Click-to-Dial

Movius for BlackBerry

Read on to learn about making calls from the MultiLine Android mobile applications.

Overview

There are multiple ways to place a call in MultiLine: from the **Keypad**, from the **Recents** tab, and from your **Contacts** list. You can also place calls by clicking on phone number links.

Before you start

- Your organization will customize the look and feel of your MultiLine app. Therefore, screens presented in these instructions may differ visually from your version of MultiLine.
- Your organization may enable or disable certain functions, including:
 - Calling, Data/Minutes mode, or WiFi calling

- Call forwarding or Call handling
- Call recording
- If you have questions about what functions are enabled, contact your IT group for assistance.

Make a Call from the Keypad
