Read on to learn about making calls to people who sent you a message or voice message.

Overview

You can easily call people back from the Messages tab.

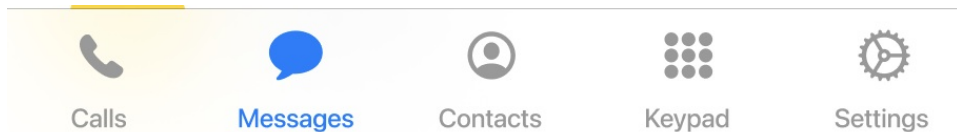

Before you start

- Your organization may enable or disable certain functions, including:
 - Calling, Data/Minutes mode, or WiFi calling
 - Call forwarding or Call handling
 - Call recording
- If you have questions about what functions are enabled, contact your IT group for assistance.

Make a call from Messages

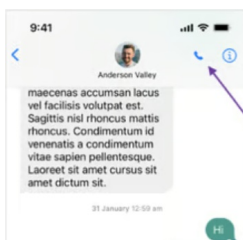

You can call someone directly from a messages conversation or voicemail message

Go to your **Messages** tab in the navigation bar at the bottom of your screen.

From SMS or instant message

1. Select a message.
2. Select the **Call** icon in the upper right of the screen.

From voicemail message

1. Select a voicemail message.
2. Select the **Call** icon.
